

/home/sautax/git/space  
-invader-cpp/src/tools  
/IEditable.hxx

IEditable.h

iostream

```
graph TD; A["/home/sautax/git/space  
-invader-cpp/src/tools  
/IEditable.hxx"] --> B["IEditable.h"]; B --> A; B --> C["iostream"]; A --> C;
```

The diagram illustrates the relationships between three files. At the top is a grey box containing the file path `/home/sautax/git/space-invader-cpp/src/tools/IEditable.hxx`. In the middle is a white box labeled `IEditable.h`. At the bottom is a white box labeled `iostream`. There are four blue arrows: a straight arrow from the top box to the middle box, a curved arrow from the middle box back to the top box, a straight arrow from the middle box to the bottom box, and a curved arrow from the top box to the bottom box.
