

uS::Socket::sslIoHandler

```
graph LR; A[uS::Socket::sslIoHandler] --> B[uS::Socket::Queue::empty]
```

A diagram showing a pointer relationship. On the left, a gray rectangular box contains the text 'uS::Socket::sslIoHandler'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'uS::Socket::Queue::empty'.

uS::Socket::Queue::
empty
